

IN PERSON

DON BISSON, FMS

THE SPIRITUALITY OF CHRONIC PAIN

**SATURDAY
OCTOBER 14th, 2017**

**9 - 3 CONFERENCE
8 AM REGISTRATION**

Those suffering with Chronic Pain whether it be post-traumatic, post-operative or simply the painful aging process, all face the potential of either a spiritual crisis or awakening. This workshop invites those who minister to the suffering (spiritual directors, chaplains and healthcare professionals), those who are care providers, and those who are suffering, the opportunity to enrich their compassion and potentially transcend their experience while deepening their trust in God. Drawing from his personal experience with chronic pain, Brother Don's commitment originates from a grounded wisdom and an authentic humility formed in the context of his own deep healing and journey with God.
