

Professional Enrichment for Spiritual Directors, Chaplains, and Pastoral Ministers

Working with Resistance & Avoidance

NOVEMBER 28, 2018 1:00 PM - 4:00 PM

We often encounter resistance and avoidance with our clients to that which they desire most, which is deeper intimacy with God. This seminar will explore how resistance is an invitation, that can lead to transformation. We'll see what can happen when we turn resistance around, redirect its energy, and "go with the flow."
